Famed Birth-Quakes will perform at Fete Au Village

The bandshell entertainment at the Fete au Village July 27 and 28 promises to be better than ever. The first performance on Saturday from 2-4 p.m., will be broadcast direct on the French Radio Station CHFA. From 6 to 7 p.m., the Seeds of Dawn, local teen band are featured. From 7 to 8 p.m., variety entertainment will terminate with the crowning of Mlle Fete au Village. Then the action moves to the big dance, with the teen band "Society's Child" closing the first day of festivities.

Several performances are scheduled for Sunday afternoon with the main attraction Sunday evening at 8:00 p.m., by the fabulous Alaska Highway Birth-Quakes.

The Birth-Quakes 12 members, all of the same family and their parents will provide musical entertainment on such themes as the Gay Nineties, Roaring Twenties, Western, Tijuana Brass, just to name a few.

The show develops strong appeal when the Birth-Quakes impersonate at least twelve prominent artists including Liberace, Glen Miller, Harry James, Duke Ellington, Elvis Presley, Louis Armstrong and Herb Alpert.

The children's ages range from two to 25, instruments played by these talented youngsters are trumpets, piano, bass, drums, guitars, and accordions. The oldest five children have won the acclaim of seven festival competitions and in their aggregate have literally worked and practised many thousands of hours.

This outstanding family have travelled nineteen thousand miles in the Canadian north

playing more than thirty communities from Hinton, Alberta in the west to every reasonably sized centre along the Alaska Highway to Whitehorse.

At the Fete au Village you'll see and hear this extraordinary family at 8 p.m., on Sunday, July 28 at the bandshell. This will be followed by a gigantic display of fireworks to close the two day celebrations.

Glider program proves popular

During the last four years a gliding program was initiated by the Air Cadet League of Canada to increase emphasis on the word "air" in the Royal Canadian Air Cadets. Since its inception at Air Cadet Summer Camps in Western Canada, almost 5,000 glider rides have been given to young Air Cadets.

Initially, beginning with private gliders and tow aircraft, the gliding program gained so much impetus, the Air Cadet League purchased four gliders of its own for use by Air Cadets,

Using the excellent facilities at CFB Penhold and supported by Canadian Forces L-19 aircraft, the gliding operation has increased in safety, efficiency and volume yearly.

Starting with a simple familiarization program, and in concert with the Canadian Armed Forces, the gliding program has expanded to Air Cadet Glider Scholarships and Cadet Instructor courses for Air Cadet Officers and Instructors.

At present, using four Air Cadet League Schweizer 2-22 gliders, two L-19's and

Adult classes attract interest

As a result of an advertisement in The Gazette last month and a public meeting, over 50 adults have expressed an interest in furthering their education through the study of high school or other subjects. Choices ranged over nearly 30 areas, the most popular choices being ceramics, beginning and advanced sewing, and type-writing. Other subjects in which a substantial number of people expressed an interest were shorthand, Grade XII Social Studies, specialty cooking, creative writing, and bookkeeping.

Early in September the St. Albert Protestant School District plans on holding another general meeting. Hopefully classes will begin during the last week of this month, with various extension courses.

Support services, over 80 flights are made daily. Eight glider pilots, being Cadets Monday through Friday, and under the watchful eye of the Red Deer Airport controllers (service personnel, with conjunction with the Department of Transport have converted the Red Deer Municipal Airport into a controlled airfield during gliding operations), provide these boys with an opportunity to take part, individually and collectively, in the wonderful sport that is gliding.

Large gallery hears debate on Amalgamation

A full public gallery was treated to an excellent debate on amalgamation issues by the Councillors of the Town of St. Albert Monday night, at a special meeting called for the purpose.

Each councillor was given time to express his personal feelings on the pros and cons of St. Albert amalgamating with the City of Edmonton, and it was obvious that in practically every case the councillors had done their homework well. The topic was debated on a high plane, both as to information produced and the manner in which the discussions were presented.

As the discussions progressed it also became clear that all of the councillors were agreed that more information was needed on just what position the town and the ratepayers would be in, if, in fact the amalgamation were to take place.

They were also unanimous in the opinion that a plebiscite should be held to allow the citizens to express their opinion on amalgamation. It was felt that the residents also would benefit from additional information before the plebiscite, and thought was given as to the best time to hold a referendum.

It was decided to hire a capable public information officer to investigate as fully as possible all aspects of our position should amalgamation take place. His task would be to provide answers and information, only and he would make no recommendations. Such facts as he could produce would be made available to Council and they would also be informed of those areas where information was not able to be determined.

If it proves feasible to have such a study completed and the report made to Council prior to the October election, then the plebiscite will be taken at that time. In any case the plebiscite will be held not later than January 31st.

Circus is coming to town

The traditional circus, complete with big top, wild animal menagerie, flying banners, sawdust and phat lemonade will be on hand when the Carson & Barnes four ring wild animal circus makes its appearance in St. Albert on Friday, August 16 at the south-east end of Range Drive for 2:30 and 8:00 performances, under the sponsorship of the St. Albert Lions Club.

The show is on its 68th annual tour and carries about every type of circus act, including many animal acts and personalities that have appeared on Hollywood Palace, Ed Sullivan and other variety type TV shows. It boasts to be the only show carrying a complete wild animal menagerie.

As its feature star the show is presenting the celebrated TV hero and star of his own long-time television series on CBS-TV network, "Sky King" otherwise known as Kirby Grant. The popular "Sky King" will appear in person at all performances of the circus.

The Lions have exclusive on the advance ticket sale and are selling a limited number of discount tickets. No organized telephone

(Boiler Room) promotion will be used. Each \$1.00 ticket will admit one child under 14 years. Two \$1.00 tickets will admit an adult to any seat, any performance at no additional charge. The advantage of buying an advance ticket from the St. Albert Lions Club is that the buyer saves twenty per cent over the door price charged circus day. The funds derived from the circus sponsorship will be used to improve the facilities of the Lions Park.

to the Editor Wants Amalgamation

Now that most St. Albert taxpayers have received their tax notices, it must be abundantly clear, if it wasn't before, that St. Albert should join Edmonton, and the sooner the better.

The Town Council should not hesitate in approving the adoption of the Hanson Report and give every co-operation for a prompt and efficient method of amalgamation. So far, there has been little evidence of much interest from the council. St. Albert will always retain its name and its unique identity - nothing can change that, and since we are governed by the general rules set down by the regional planning commission, very little change will take place with the plans for the future development of the town. There are many benefits to be gained by amalgama-

tion. A lower mill rate will bring us more commercial development and added shopping and service facilities - construction of much needed apartment buildings to house the staff for our new hospital and growing school district. We can offer a better education system to our children and also benefit by lower property taxes. The only disadvantage is the loss of some local autonomy. So get with it members of council.

Robert Russell,

Welcome to more new residents of St. Albert. Mr. and Mrs. Gordon Smithson and family; Mr. and Mrs. William Bush and family both of the Grandin area. Mr. and Mrs. James Lucas and family also of the Grandin area.

Welcome Wagon

St. Albert welcomes more new residents:

Mr. and Mrs. Bill Owens, Mr. and Mrs. John Elstedt and family; Mr. and Mrs. Peter Van Leeuwen, Mrs. Laura Woodcock and family; Mr. and Mrs. Kenneth Larson and family, all of the Sturgeon area.

Mr. and Mrs. Michael Tomasovsky and family; Mr. and Mrs. Harlan Schultz all of Braeside area.

Mr. and Mrs. Reavley Pellard and family of the Braeside area.

Games will be played each Thursday afternoon and occasional Tuesday afternoons until the end of the season. Juniors interested in playing on the junior team should call Mr. Lorne Wood at 599-8696.

A novelty doubles tournament for adults was held on July 14. After playing rounds with different partners, the winners were Betty Othean and Clark Warren.

The Tennis Club Ladies have commenced their morning sessions. This arrangement will continue every Thursday at 9:30 a.m. until the end of the season and all club ladies are invited to take part.

Six members of the St. Albert Tennis Club are at present taking part in the city senior tennis tournaments being held at Garneau this week.

MEN'S SOCCER

The St. Albert team will be playing two games against Ritchie Canadians this week - a Klondike cup game on Wednesday and a league game on Friday. Both will be played at Paul Kane, started at 7 p.m., on each evening. If you want to see really good soccer, do come along on either or both of these evenings.

A remarkable touring trailer displaying Crafts of Alberta will be in St. Albert Monday, July 22nd west of Grandin Shoppers Park, parking lot. The eighty-foot trailer holds an exhibition of the finest handicrafts Alberta has to offer, with work from craftsmen from all over the province. There are over 200 items in such fields as ceramics, weaving, sculpture, photography, basketry, metal work and others. A staff of craftsmen will be on hand to make your visit to the Crafts Trailer as enjoyable and informative as possible. The Trailer will be open, free of charge, from one to nine p.m.

A kind fellow on Bernard Drive was seen Tuesday evening mowing down seven-foot high weeds at the back of his lot and those of his

neighbors. The people concerned had telephoned Town Hall on several occasions with no success in getting the unsightly weeds removed and when dandelions got higher than their six-foot

fences they were getting desperate. So this chap borrowed a small tractor and went to work for several hours, clearing them from the back of his own lot and those of his neighbors.

M.D. acts on P.R. Report

At their June 18th meeting the Council of the M.D. of Sturgeon discussed the possibility of having a brief prepared by the municipality in relation to Dr. Hanson's recommendations to the City on land annexation. The Public Relations Committee was authorized to make a study of these recommendations by Dr. Hanson and will submit its findings at the next Council meeting.

Further to the report of the Public Relations Committee, Council moved to contact the following persons in relation to their acting on the Interim Recreation Board and have said persons attend the next Council meeting: Messrs. Pat Sheehan of Villeneuve, Hans Vest of Calahoo, Allan McNeil of Riviere Qui Barre, Mrs. L. Whitson of Alcomdale, Lawrence Brunelle of Mearns, Mrs. Angela Montpetit of Legal, Mrs. Rita Milligan of Bon Accord, Mr. Earl Toane of Gibbons, Mr. Larry Paul of Namo, Mr. Reg. Austin of the Sturgeon School Division, Mr. W. Van de Walle for the Municipal District of Sturgeon and that Mr. Van de Walle act as the chairman of said Board.

recent developments in regard to office space accommodation for an R.C.M.P. detachment. He submitted to Council the architects estimates on the renovation of the building. Estimates \$7,340, for renovations plus \$6 of said amount for architects and engineer's fees.

Council approved the leasing of the Municipal Constable Office space to the R.C.M.P. at \$2.75 per square foot - said to be on a temporary basis until the renovations are completed. It was decided to have the secretary write to the Department of Agriculture on the urgent need of the appointment of a District Agriculturist and Home Economist for Sturgeon Municipality. The Agriculture Services Board report, as presented by Chairman Mr. Flynn was received by Council.

Mr. Kluthe, Municipal representative on the Sturgeon Health Unit Board, gave a brief resume of the Health Unit's annual report 1967. The secretary treasurer presented to the Council a report on the refresher course that Mr. G. Boddez and himself had attended from June 3 to 5, in Banff. The main topics of studies were on the New Municipal Act, Amendments to the Planning Act, Assessment Act, New Election Act and The Landman Licensing Act.

ATTENTION HOG PRODUCERS

Soon you will receive a registration form to fill in to be eligible to vote on a MARKETING BOARD for HOGS.

The government has set a registration requirement of 6,000 producers representing 800,000 hogs. This means that 10% of the producers could force a COMPULSORY BOARD on the remaining 90%.

The PLAN you will be asked to vote on will not define the regulations or the specific area in which the BOARD will be given legislative power over the individual. THE PLAN MERELY GIVES SUFFICIENT SCOPE SO THAT ANY OR ALL POWERS LISTED IN THE ACT WILL BE IMPLEMENTED.

CONCLUSIONS

- 1. Hog producers do not wish to vote for a BOARD with COMPULSORY POWERS without knowing what these powers will be.
- 2. Our marketing problems can be solved by streamlining and upgrading efficiencies at our disposal now.

Protestant school board meets

At their regular meeting July 4th the St. Albert Protestant school board heard a letter from Mr. A. R. Gale, superintendent of Parks and Recreation advising of the possible need for use of the gymnasium at Simpson Junior High. The matter was referred to Mr. Harvey for discussion at the next Joint Use meeting.

A letter from Mr. A. H. Ralph requested an interview with the Board regarding the change in Mackenzie School boundaries. The Board asked the superintendent to write Mr. Ralph expressing regret that he was unable to attend the meeting, and that a review was made of the relocation of school boundaries, and that the Board reconfirmed its decision with respect to school boundaries for the 1968-69 year.

CARETAKING

The Board discussed the recommendations of the Committee appointed to review the caretaking system in the District.

It was moved that the changes to the caretaking system as detailed in the recommendations be approved in principle and that the secretary-treasurer meet with the Canadian Union of Public Employees' representative regarding these changes.

were approved.

The superintendent referred to a letter received from Lion Lorne McKinstry requesting that the Board donate obsolete textbooks to the St. Albert Lions Club for distribution to less fortunate areas of the world. The Board will donate all obsolete textbooks in the school system to the St. Albert Lions Club for disposal.

The superintendent presented a recommendation received from the Sex Education Committee outlining the definition, proposed policy, and procedure for program development in sex education. The Board expressed the opinion that the recommendation was very well prepared, and it was moved that the recommendations of the committee on sex education be adopted.

BURSARY POLICY

Mr. Schroder spoke on a recommendation of the Bursary Committee with respect to a revised policy for awarding bursaries.

Moved that bursaries be granted for the purpose of attracting teachers into the district, and that the following criteria be used in the selection of persons to receive a bursary:

1. Needs of the district.
2. Except in special circumstances bursaries shall be limited to students who have completed two years of university.

Mr. Schroder advised that a list of all candidates will be prepared and will be forwarded to all members for review prior to presenting the committee's recommendations for granting bursaries for the university year 1968-69.

The superintendent presented a calendar of events for the coming school year showing school opening dates and holidays. These were approved in principle subject to correlation with the other school districts in the area.

VOCATION STUDENTS

The superintendent reported that upon contacting Mr. Massing, director of senior high schools for the Edmonton Public School Board, he was advised that the Edmonton Public School Board will accept any or all students from this district if they have room for them. Mr. Massing pointed out that each application would be assessed according to the courses requested and the school involved.

Mr. Schroder suggested that the administration open file and record the number of students requesting vocational courses and the names of the courses requested.

There was some discussion on the recent announcement regarding Junior colleges by the Honorable R. R. Nelson, Minister of Education, and the superintendent was requested to write to the board of Post-Secondary Education regarding the need for the St. Albert students to have access to a college whenever one is built in the area.

Mr. Harvey presented a token of the Board's appreciation to Mr. Murray, and wished him success in his new position. Mr. Murray thanked the Board for the gift, and also expressed his appreciation for the assistance received during the last year.

SCOUTS

ENJOY CAMPOREE

130 Boy Scouts from the Landing Trail Scout District braved the foul weather at 5:45 a.m., on Saturday 23 of June to travel 100 miles north to the district campsite on Nickerson Island in the middle of Island Lake. A flotilla of various watercraft awaited the arrival of the boys, the watercraft ranged from kayaks and canoes through various styles of power boats to a motor powered raft, it took about two hours to ferry all the boys and equipment to the island.

The Scouters of the district ably assisted by a few fathers organized an adventure type program for the boys, including water skiing, swimming, canoeing, sailing and pioneering.

Although most of the boys were tired out but very, very happy after their three days under canvas, a few patrols were overheard planning camps for later on during the summer holidays, "cause canoeing was smashing!" Many of the boys were also vowing that they would show their moms and dads how to cook at camp! We sincerely hope that the different gastronomical efforts will be appreciated by the various parents concerned.

The Landing Trail District Boy Scouts wish to extend their thanks to the following business people who assisted in the Camporee making it a complete success.

Department of Lands and

Forests, Edmonton; Imperial Oil Ltd., Edmonton; Imperial Oil agent, Bill Veness St. Albert; McGregor Pro-

ducts, Edmonton; LaBonta Meats and Grocery, Morinville and Tremblays Garage, Morinville.
